

Company values and Quality policy of MILCOM a.s.

Company values

DECENCY, COURAGE, SMART SOLUTIONS, PARTNERSHIP

Quality policy of MILCOM a.s.

- 1) Our primary objective is to meet the needs and expectations of our customers. We universally identify, analyse and evaluate customer and market requirements in detail and flexibly reflect them into further improvement of quality and product range.
- 2) We provide the necessary resources for continuous improvement of the quality system processes, including infrastructure improvement.
- 3) We support the development of employees' knowledge, skills and competence to achieve a high level of quality at work, while doing our utmost to protect employees' health and effectively prevent accidents.
- 4) We maintain close cooperation with suppliers and strive to build mutually beneficial partnerships.
- 5) We emphasize the quality and high technical level of our products.
- 6) We maintain a corporate culture based on continuity, communication, openness, perspective, cooperation and trust.
- 7) We comply with the requirements of laws and other regulations and actively cooperate with government authorities, organizations and local government bodies that operate within the company's reach.
